LINX Data Terminals and the principals of Enterprise Time Recording Solutions have been business associates since 1998 and have successfully completed a significant number of data collection-oriented projects. Enterprise Time Recording Solutions Inc. has been an Authorized LINX System Solution Provider since early 2003.

Enterprise Recording Solutions provides application and integration services for the following:

- Access Control
- Item and Lot Tracking
- Labor Scheduling
- Shop Floor Control
- Time and Attendance
- Work-in-Process
- Job Costing and Labor Distribution

We specialize in serving the specific needs and requirements of companies in the following industries:

- Automotive
- Baking and Foods
- Beverage and Bottling
- Educational
- Government
- Hospital
- Health Care

- Pharmaceutical
- Manufacturing, Electronics and Electrical
- Paper and Printing
- Petroleum and Chemical
- Retail and Grocery
- Textile

The principal system is:

- ENTERPRISE SUITE – TIME AND ATTENDANCE
- Modules:
 - Labour Distribution
 - Job Costing
 - Access Control
 - Supervisor Module
 - Human Resources Module

ENTERPROSE SUITE collects the time attendance information from a wide variety of data collection devices, stores, monitors, flags certain criteria, reports, applies your pay rules, **and** evaluates. The system then processes the desired information to obtain the end result – PAYROLL. Our systems have been integrated with:

- ADP/Ceridian Payroll (Service Provider)
- Payroll systems (In-house or Custom) such as ACCPAC, QUICKBOOKS
- Human Resources, Accounting, MRP, and ERP packages
- Access Control Systems

Enterprise Time Recording Solutions sells directly to users in Canada, but welcomes the opportunity to work through other Authorized LINX Resellers in Canada and the U.S.A. to assist them in meeting their customers' needs. Our system documentation is included as part of the product deliverables on CDROM.
