PICS is a full service system integrator and software developer specializing in data collection hardware and software since 1986. We sell a complete line of data collection equipment including batch and radio frequency portables, laser, CCD, wand scanners, thermal printers, data collection terminals, labels and ribbons. PICS insures that all equipment sold interfaces with our software and meets or exceeds the customer's requirements. PICS also offers system design, programming, installation, training, support, and service.

PICS is very proud of its customer base. Some of the companies that are customers are:

- | | |
|--------------------------------|--------------------------|
| Square D Company | BE&K Construction |
| Custom Services | ABB Power T&D Company |
| International Paper | Weyerhaeuser |
| Dupont | Interior Design Services |
| Georgia Tufters | Boise Cascade |
| Synthetic Ind. | Bacardi and Co. Limited |
| First Union Bank Corp | United Parcel Service |
| Oxford Industries | Delta Apparel |
| EPA | Century Furniture |
| Anderson Merchandisers | Goldkist |
| Southern School Services | Overhead Door |
| Flowers, Inc. | Craven Pottery |
| Sungard Recovery Services | Travelers Insurance |
| Black Book | Skywest Airlines |
| Athens Regional Medical Center | |

PICS is a growing profitable company that sells the best data collection equipment available, matches it with the appropriate software and then backs that equipment and software with customer service and support.

Look to PICS for solutions for inventory control, warehouse management or any custom solution.
